Serial No.

Mr. Z. D. Paul, Draftsman, office of the Government Architect.

Letter No. 1746/E dated 28-8-1946 from the Chief Engineer for Irrigation.

Mr. Z. D. Paul, when he was an Asst Draftsman in the P.W. Dept. on Rs 35-3-50, was taken to the Palace department on Rs 65/-. He reverted to the P.W.D. on 27-9-1944 when he was promoted as Temporary Draftsman on Rs 55-5-80. The C.E.I. in March 1946 recommended in March 1946 that the initial pay of Mr. Z. D. Paul might be fixed at Rs 65/- from 27-9-1944 as against Rs 55/- he was entitled to as per rules, in consideration of the fact that he was drawing Rs 65/- in the Palace Dept or in the alternative the C.E. recommended the grant of one advance increment to the draftsman. The above proposals were not accepted by Govt. on the ground that that would create an inconvenient precedent - please vide paras 12 & 13 of the notes in the file placed below and letter flagged "D".

2. The C.E.I has forwarded the memo dt 9-8-1946 of the Govt Architect requesting reconsideration of the orders already passed in the matter. The Architect says that Case of Mr. Z. D Paul is a special and

Serial No.

one in as much as he was specially trained in town planning work and that during his long service under Mr. Krumbiegel, he has acquired a special knowledge not normally found in Draftsman, in consideration of which he was employed in the Palace on a special pay of Rs 65/-. He, therefore, recommends that the orders already passed may kindly be reconsidered and sanction accorded to grant Mr. Paul an initial pay of Rs 65/- in grade Rs 55-5-80 from 27-9-1944.

The above proposal is for consideration.

B 7/9/46.

In view of the good work done by the draftsman in Special town planning work and in view of the pay he was getting in the Palace drawing as 65/-, he may perhaps be given an initial pay of 65/- in the grade 55-5-80 from 27-9-1944. He has put in a service of 16 years and seems to have earned very good name in his work of town planning & is strongly recommended by the Govt. architect. The C.E.'s proposal may perhaps be sanctioned

Secy) B 10/9/46.

All draftsmen know town planning work. There is nothing special in him. His promotion to the pay he was drawing in the palace will create an undesirable precedent and will be hardly fair to those who have toiled in the Dept, particularly seniors in the Dept. Orders already passed may stand.

OFFICE OF
the Chief Engineer for Irrigation
in Mysore, Bangalore,

Date 28/8/46

To

The Secretary to Government,
Public Works Department,
Bangalore.

P. W. SECRETARIAT
1138
Date 31/8/46

Sir,

Mr. Z.D. Paul, Draftsman, Government Architect's office.

With reference to your letter No.P.W.198/Est. 39-45-13 dated 11-7-1946, regarding grant of advance increments to Mr.Z.D. Paul, Draftsman, I have the honour to forward herewith for orders of Government, Memo No.375 dated 9-8-1946 of the Government Architect requesting for reconsideration of the question.

I have the honour to be,

Sir,

Your most obedient servant,

GCS/27th.

CHIEF ENGINEER FOR IRRIGATION.

Office of the
Govt. Architect in Mysore,
Old Public Offices.

No. 375 - 1176 138 ks

Bangalore, Dated 9 Aug. '46.

Subject:- Mr. Z.D. Paul - Draughtsman - Government Architect's Office, Bangalore.

Submitted to the Chief Engineer for Roads and Buildings.

I understand that my recommendations to grant advance increments to Mr. Z.D. Paul, were not acceptable to Government on the grounds that the granting of these increments would form a dangerous precedent.

I, therefore, request that it may be kindly represented to the Government, that this is a special and unique case, which deserves to be considered on its individual merits and can never become a precedent for claims of other draughtsmen.

Mr. Z.D. Paul has been specially trained in Town Planning work and during his long service under Mr. Krumbiegel has acquired a specialist knowledge not normally found in draughtsmen. He was therefore employed in the Palace on a special pay of Rs. 65/- but had to revert to Rs. 55/- in the grade 55-5-80 when he returned to this office.

It is not at all likely that a similar case of reversion of a Palace Draughtsman to a lower grade in Public Works Department will occur again. The granting of the proposed advance increment to Mr. Paul can never be quoted by other draughtsmen as a precedent for claims for similar concession.

Under the circumstances, I request that the matter may kindly be resubmitted to the Government for favour of reconsideration in the light of the above observations and in accordance with the original recommendations of both the Chief Engineers i.e., to start Mr. Paul on Rs. 65/- in the grade 55-5-80, with effect from 27-9-1944.
